

Durham SEND & Inclusion App Resource

Introduction

The following resource contains a range of apps which may be beneficial for children and young people with Special Educational Needs and Disabilities (SEND). The SEND & Inclusion Service in Durham does not endorse or recommend any of the following app products over others. This resource is intended as a useful starting point for parents, school staff and professionals who work with children with SEND.

This resource is the intellectual property of the SEND & Inclusion Service in Durham and its author. You may print, use and share this resource for personal or professional use. However, you may not re-sell or commercially exploit it, publish the resource without expressed written permission or make mass copies of the resource without expressed written permission. You may not credit this resource as your own.

Reporting a problem

Any difficulties or complaints with an app should be directed to the app developer or the provider. You can find an app developer's contact information listed on the app detail page within iTunes, Google Play and Windows Phone.

Prices

Content and prices of each app are subject to change at any given time by the app developer.

Refunds

If you purchased an app by mistake, were billed incorrectly, or feel you didn't get what you paid for, you can request a refund. Contact the appropriate provider.

Privacy

Apps can collect personal information and analytics data. Such data can be shared with third-party companies or used for advertising purposes. Every app developer is required to have a Privacy Policy and detail fully what information, if any, they collect and how it is used or shared. Please view each app developer's Privacy Policy before purchasing an app to ensure the apps you buy do not conflict with your setting's Safeguarding Policy.
